

PERFORMANCE YOU CAN SEE AND FEEL

Unique textured perfection for the ages with WeatherXL™ Crinkle Finish, the new super-strength effects finish from Sherwin-Williams.

FOR YOUR ARTISTIC SIDE

Let your eyes play over the surface, and delight in how it breaks up the light, creating an endless series of shifting, shimmering tones.

FOR YOUR BUSINESS SIDE

This is one hard-nosed, no-nonsense surface. Stronger color retention, enhanced scratch resistance and the best resistance yet to chalking and fading.

FOR THE “GREEN” SIDE OF YOU

A texture coating that meets current solar reflectivity (SR) standards for LEED and ENERGY STAR®, which helps keep buildings cooler and energy costs down.

THE STRENGTH OF BEAUTY, AND THE BEAUTY OF STRENGTH

This high-durability roofing and wall panel material provides a new aesthetic appeal, customized for the exterior metal building coating standard needs. WeatherXL™ Crinkle Finish harnesses breakthrough technology to combine the look of authentic shingles and the durability of modern coatings as well as unique appearances for wall panels.

A number of potential applications for this coating are still emerging, but wherever appearance, hardness and durability are important, WeatherXL Crinkle Finish should be a top consideration.

COLOR AND TEXTURE

The unique texture redirects light for enhanced visual depth, promising a step-change improvement over flat-panels' appearance. The coating has been responsively designed, so its subtle shading mirrors the eye's natural horizontal motion.

DURABILITY

Formulated with enhanced WeatherXL™ silicone polyester, this product delivers proven superior quality for outstanding performance. For all its beauty, it features an enduring weatherability to resist fading, scratching and chalking.

STANDING BY YOU

As with all our products, WeatherXL™ Crinkle Finish is backed by Sherwin-Williams' unequalled service and technical support. Count on us for unmatched lead times, highly responsive customer service, and the best technical support in the industry.

AT YOUR SERVICE
